## California Department of Transportation, District 12

**Alternative Name(s):** Caltrans District 12

**Agency Type(s):** Caltrans

**Report Type:** Full

**Physical Address:**

1750 E. 4th Street Suite 100  
Santa Ana, CA 92705  
County: Orange  
Jurisdiction: Irvine

**Mailing Address:**

1750 E 4th St Ste 100  
Santa Ana, CA 92705

**CalRecycle Representative:**

Mallory Burden  
Mallory.Burden@calrecycle.ca.gov  
(916) 324-1263

**Number of Employees at Agency:** 455

**Annual Report Status:** Submitted

Submitted by Richard Gougeon (richard.gougeon@dot.ca.gov) on 4/30/2018 4:09:21 PM

### Additional AnnualReport Information

The information below is additional information for this annual report provided by the Agency to CalRecycle staff.

The following field offices were closed in 2017:

Savi Ranch Construction Field Office

Brea Construction Field Office

Harbor Construction Field Office

Rossmoor Construction Field Office

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

## Annual Per Capital Disposal

### Employees

Total Number of Employees: 779

Explain who was included in this number and how was this employee number calculated.

*Employees included in the total count are as follows: District 12 employees working at the District office, Construction and Maintenance field offices, Traffic Management Center field office and non District 12 Departmental employees (D11, D7, D8, D22, D32-Shop 12, D59) working within District 12 offices. The employee count is based on the Organizational charts for District 12 and the various field offices. The non District 12 employee counts were gathered by the supervisors and the Master Payroll...because they are not listed on the Organizational charts.*

### Non-Employee Population

Total number of non-employee population: 5629

Population Type: Visitors

How was this population number determined?

*The non employee population is comprised of visitors, vendors, and technicians visiting the District 12 office. They are required to sign in at the Security Guard desk when entering the building. The sign in logs were used to calculate the total number of visitors to the District 12 building.*

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Summary.aspx?AnnualReportID=1732&Mode=View>

Date Generated: May 1, 2018 10:17 AM

Page 8 of 25

## Disposal

Total amount disposed: 2,970.92 tons

Total transformation: 0.00

How was this disposal number determined?

*The disposal number is based on the Solid Waste Disposal and Recycling Report forms from Construction. Also we used the invoices from Maintenance in calculating the tonnage. Both of these sources list the amount taken to the landfills.*

*1979.82 tons was from Construction...970 tons was from Maintenance. There is no disposal for TMC...it is 100% recycled.*

*21.10 tons of mixed waste was from the Headquarter District Office at 1750 E. 4th Street, Santa Ana, CA. This waste is everything that a typical office building would put in a dumpster. For example, paper towels, cans and bottles (if they are not put in the recycling bin), food waste, etc. This information was based on the building management. Total waste for the building was 42.21 tons and there are two tenants in the building. The other tenant has approximately the same number of employees as we do. I took the 42.21 number and multiplied it by 50%.*

## Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	74.80	20.90	148.30	2.89
Per Capita Transformation Rate:	15.00	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	20.90

Page 9 of 25

## Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

*Mixed debris and wood/cleared vegetation, concrete and asphalt concrete...from Construction field offices. Also mixed debris from Maintenance.*

*Some of these above materials are recycled and some are not. For example, some concrete is recycled and some concrete is not recycled. the same is true for mixed debris, wood/cleared vegetation and asphalt concrete.*

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

*The contractors in Construction find that is cost more to separate out the mixed debris they had for small projects. It takes too much time to separate out the mixed debris and make it clean. The proximity of green waste plants is also a consideration. More plants would be better. The green waste plants were never consistently open. If the projects were bigger, they would bring in their own crusher and recycle.*

*Maintenance...It is extremely difficult to designate space for green waste bins. Space is limited at maintenance facilities, and bulk of all waste is mixed. Due to storm water regulations and clean water laws, waste must be picked up and cleared out quickly.*

## Programs

### Recycling

- Beverage containers
- Glass
- Plastics (#3-7)
- Cardboard
- Office paper (white)
- Office paper (mixed)
- Copier/toner cartridges
- Scrap metal
- Tires
- Construction materials/debris

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Page 10 of 25

*District 12 fully participates in all recycle programs available in our District building, Construction field offices, Maintenance field offices, and the Traffic field office.*

*The district building is housed in a leased facility and property management (CBRE Richmond) provides recycle bins for paper, plastics, batteries and toner/inkjet cartridges.*

*Xeriscaping...our roadside landscaping uses landscaping that requires low water usage*

*Material Exchange*

*Nonprofit/school donations*

*Internal property reutilizations*

*Employee supplies exchange*

*E Waste Recycling*

*District 12 Construction field offices recycled asphalt concrete, concrete, metal, mixed debris and wood*

*District 12 Construction field offices reused asphalt concrete on the job*

*District 12 Maintenance field offices recycled scrap metal. There is a mandatory contract in place which is administered by Cal recycle, to utilize vendor SA Recycling to collect/process recycled metal and aluminum from District 12's six (6) maintenance field office locations. The contract number is DRR16040.*

*District 12 Equipment Shop recycled automotive batteries, tires, anti freeze and oil. I received this information from Chris Butler, the Equipment Materials Manager.*

## Material Exchange

*Nonprofit/school donations*

*Our property controller works with DGS to donate appropriate equipment (computer, keyboards, monitors, etc) to non profits/schools.*

*District 12 employees routinely exchange and/or reuse furniture, materials, etc.*

## Waste Prevention/Re-use

*Paper forms reduction - online forms*

*Bulletin boards*

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Summary.aspx?AnnualReportID=1732&Mode=View>

Page 11 of 25

Remanufactured toner cartridges  
Reusable boxes  
Electronic document storage  
Intranet  
Reuse of office furniture, equipment & supplies  
Reuse of construction/remodeling materials  
Double-sided copies  
Email vs. paper memos

*Paper Forms Reduction... All forms utilized by our Department/District are available online.*

*Bulletin Boards... Used throughout our district (all six floors of the district building and all field office locations) to bring information to employees.*

*Re-Manufactured Toner Cartridges...Purchased by our Cal-Card holders*

*Reusable Boxes...Cardboard boxes are reused for storage, shipment, etc.*

*Reusable Pallets...Our Stockroom and Reprographics areas routinely reuse pallets for large shipments of paper/equipment and e-waste.*

*Electronic Document Storage...Our Project Management unit acquired a server designated for file storage. Server was brought online in 2012 and electronic file storage is now occurring.*

*Intranet...The majority of employees working in District 12 have access to our intranet, and an e-mail account. The District Intranet is utilized to bring information to employees, and e-mail accounts are an integral part of our business operations.*

*Reuse of Office Furniture, Equipment and Supplies...The various divisions and units operating within District 12 purchase their own equipment/furniture/supplies, etc. When new items come in, divisions and units will offer their old items to other units and employees. A lot of furniture has been recycled through this process.*

*Reuse of Packing Materials...When shipments are received, bubble wrap, etc. are reused by employees and the mail-room.*

*Double Sided Copies...Our Reprographics unit creates a multitude of materials that are double sided*

*E-Mail versus Paper Memos...E-mail is the standard means of communication within our Department/District. Information/updates are brought to employees via e-mail.*

## Green Procurement

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Date Generated: May 1, 2018 10:17 AM

Page 12 of 25

Recycled Content Product (RCP) procurement policy  
Environmentally Preferable Purchasing (EPP) procurement policy  
Staff procurement training regarding RCP/EPP policies  
RCP/EPP and/or SABRC requirements language included in procurement contracts for products/materials  
Other green procurement activities (explain in Agency Program Notes below)

*District 12 adheres to public contract code 12153, which requires state agencies to utilize recycled-content products (RCP). All credit card (CAL-card) holders receive training through our Division of Procurement and Contracts (DPAC) on the importance of purchasing recycled items and obtaining a Recycle Content Certification form (ADM 2038).*

### Training and Education

Signage (signs, posters, labels for recycling bins. Existing or implemented by July 1, 2018)\*  
Brochures, flyers, newsletters, publications, newspaper articles/ads

*We educate our employees through meetings regarding E Cycling and Earth Day. We distribute materials and brochures, educating the public on environmental concerns and recycling efforts.*

### Organics

#### Organic Materials Generated at this location:

Green Waste  
Landscape and Pruning Waste  
Food Scraps  
Food Soiled Paper  
No Organic Material at this Facility

#### Amount of Materials Generated:

2 or more cubic yards of solid waste per week (2020)

#### Determination Type:

Other

I received this information from the building management

#### Determination Type:

**Diversion Category**

Green Waste or Landscape and Pruning  
Waste

**Diversion Method**

Other

**Explanation**

It is extremely difficult to designate space for green waste bins. Space is limited at maintenance facilities, and bulk of all waste is mixed. Due to stormwater regulations and clean water laws, waste must be picked up and cleared out quickly.

Food Scraps and Food Soiled Paper

Other

The food scraps and food soiled paper are added to the trash.

<u>Diversion Category</u>	<u>Diversion Method</u>	<u>Explanation</u>
Green Waste or Landscape and Pruning Waste	Other	It is extremely difficult to designate space for green waste bins. Space is limited at maintenance facilities, and bulk of all waste is mixed. Due to stormwater regulations and clean water laws, waste must be picked up and cleared out quickly.
Food Scraps and Food Soiled Paper	Other	Food scraps are added to the trash

**Facility:** Traffic Management Center - TMC  
**Address:** 6681 Marine Way, Irvine, CA 92618

**Organic Materials Generated at this location:**

No Organic Material at this Facility

There are no organics at this facility. All the waste that is picked up by Ware is mixed and taken to a recycling facility where it is separated and recycled. But the TMC states that they have no organic waste. I received this information from Saeed Nafisi, the manager at the TMC.
